

## **OBJECTIVES**

To create a **network of people** and contacts, on both a national and international level, capable of organizing events (both pre-planned and upon request) in homes, as guests of those who wish to cook for us.

Perhaps next time we are in town we could come to dinner at your place!

If you like the idea and would like to participate - in whatever capacity - or if you know people who may be interested, get in touch with us!

Or talk about Staseranonesco.

The more there are of us, the more we'll have fun!
